Estimadas familias:

Tengo el agrado de dirigirme a ustedes a fines de presentarles un programa de Turismo Idiomático que inició sus actividades en 1993 y se ha materializado en más de 30 viajes de estudio al exterior con participantes de toda la República Argentina.

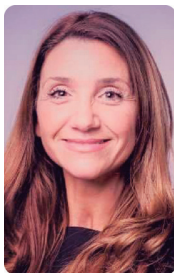

VCE combina el perfeccionamiento de una lengua extranjera con la adquisición de herramientas socio-culturales básicas para comprender la idiosincrasia del ciudadano del mundo actual.

Nuestros cursos intensivos del más alto nivel académico en un ámbito multi-cultural se complementan con la posibilidad de experimentar la forma de vida cotidiana local en distintos países, por ejemplo, haciendo uso del transporte público, cambiando divisas, comprando en un supermercado, buscando un objeto perdido, visitando una galería de arte o un estadio de football... Todo suma...

Unirse a nuestros programas garantiza un gran crecimiento a nivel personal que conlleva una serie de responsabilidades y una actitud pro-activa por parte de quienes nos acompañan.

Quedo a entera disposición para todo tipo de consulta que estimen corresponder.

Un saludo cordial,

Prof. Gabriela Ardito
